HOW TO READ THE BUDGET

The budget document serves two distinct purposes. One purpose is to present the City Council Members, residents and other interested readers, concise and readable information about City of Gem Lake. The other purpose is to provide management of the City with a financial and operating plan that conforms to the City's accounting system.

The Budget Message provides an overview of the key policy issues and programs in the budget, and presents major areas of emphasis.

The Schedules and Summaries provide the heart of the document as an operating and financial plan.

The General Fund and Special Revenue Funds section contains revenue and expenditure summaries. It also provides detail revenue and expenditure information, department descriptions, staffing levels, service level objectives and prior year accomplishments for all departments.

The Debt Service Funds section contains information about the resources accumulated for the payment of general long-term debt principal and interest.

The Capital Improvement Funds section contains revenue and expenditure information about the various construction projects within the Township.

The Enterprise Funds section contains revenue and expenditure summaries for all Enterprise Funds. It also provides detail revenue and expenditure information, department descriptions, staffing levels, service level objections and prior year accomplishments for all departments within each Enterprise Fund.

The Appendix section includes other important financial and City information, such as, City statistics, description of the property tax system, and a glossary of terms.

City Council Members, Citizens and Others:

It is my privilege to present the 2017 budget for the City of Gem Lake. This budget, as adopted by the City Council identifies how the City resources will be spent in 2017. This budget is the City's financial management plan and has been designed to be responsive to public service demands and for carrying out services over the coming year. The 2017 budget is the result of sound financial management, and affords some protection for the future operation of the City. It is the City's intent to submit and manage the budget in the most open and straightforward manner possible, which will allow consistent and careful management of all resources. The City continually faces many challenges which draw upon the resources and value judgments of all of us.

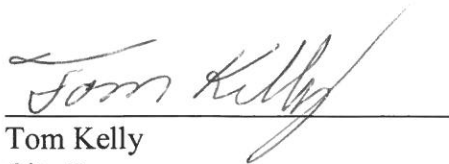

The City budget focus has been to maintain services provided and existing infrastructure. Public safety remains a priority for the City and this budget includes expenditures for increased patrols and law enforcement. Also for 2017 the City has included in the budget \$13,500 for updating and filing the City's MS4 Report (storm water management plan) to the State and \$63,000 to begin the update to the City's Comprehensive Plan. The Ice and Snow Removal budget was decreased to reflect past expenditure levels.

On the revenue side the largest revenue source is property taxes which make up almost 86.5% of total revenues for the City. The City in the past used reserves to help fund General Fund operations and maintain the lowest possible tax levy. In 2016, \$80,000 of reserves were used for this purpose. For 2017 there are no reserves available to fund 2017 operations and reduce the property tax levy.

The 2017 property tax levy is increased 48.9% and the City's tax capacity also increase 7.6%, which results in a tax rate of 41.143% compared to 29.524% in 2016. Based on this most residents would see an increase in their City property tax bills from 2016 to 2017.

As 2017 unfolds, the City is well positioned to meet current and future challenges through sound fiscal management. It is our hope this budget will meet the expectations and need of Gem Lake residents. My sincere thanks are extended to the City Council for their time and effort in the preparation of this document.

Respectfully,

Tom Kelly
City Treasurer

FUND STRUCTURE AND BUDGET BASIS

The financial structure of City of Gem Lake is similar to other governments with the use of funds. Funds are the control structures that ensure that public moneys are spent only for those purposes authorized and within amounts authorized. Funds are established to account for different types of activities and legal restrictions that are associated with a particular government function. The Governmental Accounting Standards Board (GASB) defines a fund as:

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

All of the funds used by the City must be classified into one of seven “fund types.” Four of these fund types are used to account for the City’s “governmental-type” activities and are known as “governmental funds.” Two of these fund types are used to account for a government’s “business-type” activities and are known as “proprietary funds.” Finally, the seventh fund type is reserved for a government’s “fiduciary activities.” The City currently does not operate any fiduciary activities.

Governmental Fund types are used to account for governmental-type activities. These are the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds.

The General Fund is used to account for most of the day-to-day operations of the City, which are financed from property taxes and other general revenues. Activities financed by the General Fund are those not accounted for in other funds. There can only be one General Fund.

Special Revenue Funds are used to account for revenues derived from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions or activities of the City and which therefore cannot be diverted to other uses. The Special Revenue Funds the City operates are the Park and Playground Fund, which was established to purchase and develop parks and trails in the City through the collection of park dedication fees on new developments or building permits and new for 2015 is a fund to account for possible grants the City may apply for to help redevelop its commercial district.

Debt Service Funds are used to account for the payment of interest and principal on general and special obligation debts other than debt issued for and serviced by a governmental enterprise.

The Capital Projects Funds account for all resources used for the acquisition and/or construction of capital equipment and facilities except those financed by Enterprise and Internal Service Funds.

Two **Proprietary Fund Types** are used to account for the City’s business-type activities. These are the Enterprise Funds and the Internal Service Funds.

The City’s only Enterprise Fund is the Sewer Operating Fund. This fund is used to account for the acquisition, operation and maintenance of these facilities and services, which are entirely or predominantly self-supported, by user charges. The operations of the Sewer Operating Fund are accounted for in such a manner as to show a profit or loss similar to private enterprises.

Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments of the City, on a cost-reimbursement basis. The City of Gem Lake

does not have any Internal Service Funds.

Fiduciary Funds are used when a government holds or manages financial resources in an agent or fiduciary capacity. The City of Gem Lake does not operate any of these funds at the current time.

The **Budget Basis** used by the City of Gem Lake is the modified accrual basis of accounting for governmental fund types (for example, the General Fund, Special Revenue Funds, Debt Service and Capital Project Funds). Under this accounting method, revenues are recognized in the accounting period in which they become available and measurable. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the period in which the fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due.

Enterprise Funds use the accrual basis of accounting. Under the accrual basis revenues are recognized when they are measurable and earned. Expenses are recognized in the period incurred, if measurable. The budget basis for Enterprise and Internal Service Funds is also the accrual basis with the exceptions noted below.

The City's Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP). This conforms to the way the City prepares its budget.

The CAFR shows fund expenditures on both a GAAP basis and budget basis for comparison purposes.

BUDGET PROCESS

The budget process begins in August with the City Treasurer developing a draft budget. The Mayor and Treasurer then meet in late August or early September to refine the draft budget. It is this budget that is presented to the full City Council in a workshop session in early September. It is from this workshop that a preliminary tax levy is presented and adopted no later than September 15th of each year. Once adopted the preliminary levy is certified to Ramsey County. Over the next few months the Mayor and Treasurer develop a final draft budget and tax levy, which again is presented to the full City Council for review in November. From the meeting a final budget and tax levy is developed and presented at a public hearing in November. After the public hearing the City Council votes to approve the budget and adopt the final property tax levy. In late December the final levy is certified to the County Auditor. During the fiscal year line items may be overspent as long as the total activity budget is not overspent. The Mayor can recommend changes for activities' budget to the City Council. The Council can then approve or disapprove the change, in the form of a budget amendment. Only with the City Council approval can an activity be overspent and only if funding is available. However, the property tax levy cannot be amended.

GENERAL FUND

GENERAL FUND SUMMARY

FUND DESCRIPTION:

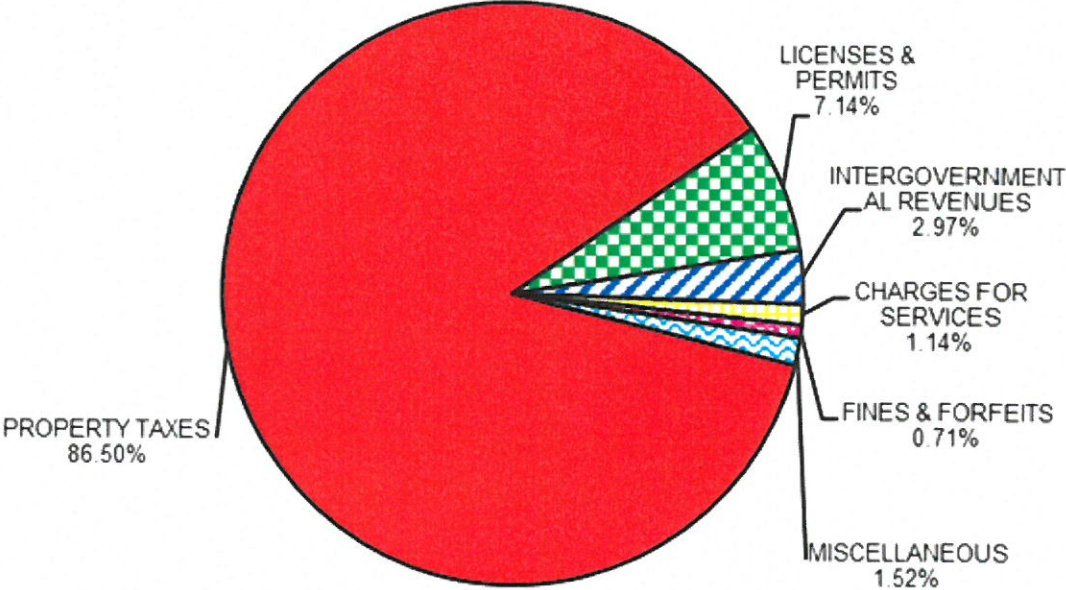

The General Fund is used to account for the ordinary operations of the City, which are financed from taxes and other general revenues, which are not accounted for in another fund. The modified accrual basis of accounting is used in the General Fund. That is, expenditures are recorded at the time liabilities are incurred and revenues are recorded when received.

BUDGET SUMMARY:

Property taxes are the largest revenue source, with the general government department as the largest expenditure area planned for 2017. The 2017 General Fund budget of \$419,976 is a 18.68% increase over the City's 2016 budget and is a balanced budget. The graphs below and on the next page demonstrate the percentage breakdown of budgeted revenues by classification and expenditure by department. Page 10 also shows this information numerically.

REVENUES GENERAL FUND

ACTIVITY DESCRIPTION:

To record and maintain all general operating revenues. These revenues will be used to finance the general operating expenditures of the City.

GOALS:

1. Maintain stable, constant revenue sources.
2. Maintain a low tax rate, by reviewing the costs of services provided and charge appropriately for them.

BUDGET SUMMARY:

The property tax system is described in more detail beginning on page 58. The City's net taxable tax capacity has increased to \$1,051,625 for taxes payable in 2017. This is an increase of 7.56%. The City's property tax levy for 2017 will be \$363,294. As a result of these two factors and the \$75,987 debt levy, the 2017 tax rate for the City will be 41.143% compared with 29.524% in 2016.

All other City revenue sources were adjusted slightly or remained at the 2016 budget amounts for 2017.

CITY COUNCIL GENERAL FUND

ACTIVITY DESCRIPTION:

The City Council provides elected representation to the community with control over matters of policy, budget, administration, and operations of the City.

GOALS:

1. Respond to citizen concerns, suggestions, questions, and complaints in a timely manner.
2. Keep current on legislative issues and incorporate those that directly affect the City and its residents.
3. Provide strategic direction to the City.
4. Provide policy direction and organization governance through budget, ordinances and other policy decisions.

BUDGET COMMENTARY:

The only budget change from 2015 is the increase of \$800 being budgeted for the city clerk time spent through the City's contract with White Bear Township for performing minor various duties, such as signing documents.

Elections General Fund

ACTIVITY DESCRIPTION:

The Elections budget funds election activities of the City, which include; maintenance of voting and ballot counting equipment and payment of the election service contract with Ramsey County.

GOALS:

1. Conduct fair and open elections.

BUDGET COMMENTARY:

Beginning in 2013 the City began contracting with Ramsey County for election administrative services. The cost to administer the elections will be spread over a two year period, which results in the City having flat election costs even though there are years with and without general elections.

Planning & Zoning General Fund

ACTIVITY DESCRIPTION:

This department provides long range planning, day to day coordination, and design and management of programs and plans affecting residential, commercial and industrial development. The activities include, but are not limited to, comprehensive planning, zoning administration, design of trails and bikeways, promotion.

GOALS:

1. Implementation of comprehensive plan objectives.

BUDGET COMMENTARY:

Administration and Engineering Services increased based on past expenditure history.

In 2017 the City will continue updating and filing with the State its storm water management plan (MS4) which will require the use of outside consultant and the City will begin working on the State required comprehensive plan update. For these reasons the budget is increasing \$68,000.

Fire Protection General Fund

ACTIVITY DESCRIPTION:

The objective of the Fire Protection Department is to provide fire protection and prevention services. The City of Gem Lake entered an agreement with the City of White Bear Lake for such services. The contract also provides for site inspections and enforcement of fire codes through their Fire Marshal. Paramedic and ambulance service is provided by the contract, but the cost of the service is not included in the contract since it is billed as a fee-for-service to the individuals using the service.

GOALS:

1. Promote public education and information about fire prevention and safety.
2. Reduce property damage and loss due to fire.
3. Provide emergency medical assistance to all residents.

BUDGET COMMENTARY:

The City's contract amount is based on the White Bear Lake Fire Department 2017 budget less an adjustment for 2015 actual expenditures compared to budget and multiplied by the City's percentage of average population and average market valuation of the area served by the White Bear Lake Fire Department.

Parks Maintenance General Fund

ACTIVITY DESCRIPTION:

This department provides for all maintenance and upkeep of the City's parks system. Township personnel, through a contract, perform all labor and provide the equipment for maintenance.

GOALS:

1. Routine maintenance of parks.

BUDGET COMMENTARY:

Currently the City has no parks and does not perform routine maintenance of parks and therefore there is no expenditures budgeted for this activity.

Operating Transfers General Fund

ACTIVITY DESCRIPTION:

This department provides funds that will be moved to other City funds to finance other City projects or activities.

GOALS:

1. Finance other future City projects with as little tax impact as possible on City property taxes.

BUDGET COMMENTARY:

In the past, the City transferred funds to finance future road improvements and the possible treatment and prevention of the Emerald Ash Bore (EAB) and other unidentified projects. No transfers are planned for 2017.

SPECIAL REVENUE FUNDS

PARK & PLAYGROUND FUND SPECIAL REVENUE FUND

ACTIVITY DESCRIPTION:

The purpose of the Park & Playground Fund is to assist the City in meeting park acquisition and development needs. Revenues are collected from developers or property owners that develop their properties. Fees are based on assessed land value or number of lots available. Special Revenue Funds, including the Park & Playground Fund use the modified accrual basis of accounting, that is revenues are recognized when received and expenditure at the time the liability is incurred

GOALS:

1. Acquire and develop current and future parkland property.
2. Provide recreational facilities to all residents, including trails and walkways.

BUDGET COMMENTARY:

Revenue source is park dedication fees paid on new construction and/or developments, interest earnings and any operating transfers.

At this time there are no park improvements or equipment purchase to be funded from the Park Acquisition Fund in 2017.

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

DESCRIPTION:

The Debt Service Funds repay the outstanding debt obligations of the City of Gem Lake. Debt service funds use the modified accrual basis of accounting; however, the cash basis of accounting will be used for budgetary purposes only. The cash basis is used for budgeting to ensure that sufficient cash will be available to make required payments on the City's bonded indebtedness.

GOALS:

1. Retire all debt in a timely basis as scheduled.

MEASURABLE WORKLOAD DATA:

	<u>2014</u> <u>ACTUAL</u> Non-Rated	<u>2015</u> <u>ACTUAL</u> Non-Rated	<u>2016</u> <u>ACTUAL</u> Non-Rated	<u>2017</u> <u>ESTIMATED</u> Non-Rated

Net Debt Per Capita	\$1,914	\$1,877	\$1,942	\$1,525

DEBT LIMITATIONS:

All Minnesota municipalities (counties, cities, towns and school districts) are subject to statutory "net debt" limitations under the provisions of Minnesota Statutes, Section 475.53. Under this provision, the legal debt limit is 3.0% of the assessor's market value of the municipalities' tax base. Bond issues covered by this limit are those that are financed by property taxes unless at least 20% of the annual debt service costs are financed by special assessments or tax increments. At present the City has one bond issue that is subject to the debt limit: the 2007 Capital Improvement Plan Bonds. In 2015 the City issued the 2015 G. O. Refunding Bonds to retire the 2007 Capital Improvement Plan Bonds in 2016. The City's current legal debt limit and debt margin is as follows:

Legal Debt Limit (3% of Estimated Market Value)	\$3,118,485
Less: Outstanding Debt Subject to Limit	<u>(775,000)</u>
Legal Debt Margin as of January 1, 2017	\$2,343,485

BUDGET COMMENTARY:

The City's debt consists of a capital improvement plan bond for the construction of Heritage Hall which

is repaid from a property tax levy and will be refunded with the 2015 G. O. Refunding Bond. In 2013 the City paid off the outstanding principal balance of its two improvement bonds, which are included in this document as special assessments are still being collected.

CAPITAL IMPROVEMENT FUNDS

CAPITAL IMPROVEMENT FUNDS

ACTIVITY DESCRIPTION:

The Capital Improvement Funds pay the construction costs of the City's infrastructure improvements. Capital improvement funds use the modified accrual basis of accounting; however, the cash basis of accounting will be used for budgetary purposes only. The cash basis is used for budgeting to ensure that sufficient cash will be available to make all required payments.

GOALS:

1. Construct and replace the City's infrastructure on a timely basis, as scheduled or as needed.

MEASURABLE WORKLOAD DATA:

See the individual funds for their service levels.

BUDGET COMMENTARY:

IMPROVEMENT FUND

DEPARTMENT: Improvement Construction
SUPERVISOR: City Engineer
FUND #: 401
ACTIVITY #: 4800

ACTIVITY DESCRIPTION:

The Improvement Fund was established for current and future improvement projects within the City.

GOALS:

None.

MEASURABLE WORKLOAD DATA:

HOFFMAN ROAD IMPROVEMENT FUND

DEPARTMENT: Hoffman Road Improvement
SUPERVISOR: City Engineer
FUND #: 404
ACTIVITY #: 4800

ACTIVITY DESCRIPTION:

The Hoffman Road Improvement Fund is used to provide the City's share of future road improvements/maintenance on Hoffman Road.

GOALS:

1. Improve and maintain Hoffman Road on timely basis.
2. Extend municipal water into the business district of the City.

MEASURABLE WORKLOAD DATA:

ENTERPRISE FUNDS

**SEWER OPERATING FUND
ENTERPRISE FUNDS**

ACTIVITY DESCRIPTION:

The Sewer Operating Fund is the only Enterprise Fund the City has. It is responsible for the maintenance of all lift stations and sanitary sewer lines in the City. The Sewer Operating Fund is self-sustaining from revenues derived from utility charges.

GOALS:

1. Keep all lift stations and sewer lines functioning safely and efficiently.

MEASURABLE WORKLOAD DATA:

	<u>2014 ACTUAL</u>	<u>2015 ACTUAL</u>	<u>2016 ACTUAL</u>	<u>2017 ESTIMATED</u>
Gals of Sewage Treated (Millions)	10.15	10.25	10.95	11.19
Miles of Sewer Lines				
Service Connections				

BUDGET COMMENTARY:

The main revenue source is sewer revenues, which are based on the number of sewer connections, past sewer usage and sewer rate. Sewer charges are estimated to generate revenues of \$51,000 and currently no rate increase was used to estimate 2017 revenues, however it appears a rate increase may be needed to properly fund future sewer operations.

Interest income is another revenue source and is based on estimated interest earning.

On the expense side, supplies budgets for 2017 were increased slightly based on past costs.

The largest expense within Other Services and Charges are the M.C.E.S. Charges for sewer treatment. These charges are based on actual sewer flows and sewer treatment costs charged by the M.C.E.S. The City's flows have increased over the past year and the cost of treating waste water has also increased. For 2017 the M.C.E.S. Charges have increased 8.14% to \$27,805.

The City also annually budgets to flush (clean) sewer lines to prevent sewer backups. For 2017 \$12,000 is budgeted to flush sewer lines.

SUMMARY OF TAX LEVIES, PAYMENT PROVISIONS, AND MINNESOTA REAL PROPERTY VALUATION

The following is a summary of certain statutory provisions effective beginning 2011 relative to tax levy procedures, tax payment and credit procedures, and the mechanics of real property valuation. The summary does not purport to be inclusive of all such provisions or of the specific provisions discussed, and is qualified by reference to the complete text of applicable statutes, rules and regulations of the State of Minnesota.

Property Valuations (Chapter 273, Minnesota Statutes)

Assessor's Estimated Market Value

Each parcel of real property subject to taxation must, by statute, be appraised at least once every five years as of January 2 of the year of appraisal. With certain exceptions, all property is valued at its market value, which is the value the assessor determines to be the price the property to be fairly worth, and which is referred to as the "Estimated Market Value."

Taxable Market Value

The Taxable Market Value is the value that property taxes are based on, after all reductions, limitations, exemptions and deferrals. It is also the value used to calculate a municipality's legal debt limit.

Indicated Market Value

The Indicated Market Value is determined by dividing the Taxable Market Value of a given year by the same year's sales ratio determined by the State Department of Revenue. The Indicated Market Value serves to eliminate disparities between individual assessors and equalize property values statewide.

Net Tax Capacity

The Net Tax Capacity is the value upon which net taxes are levied, extended and collected. The Net Tax Capacity is computed by applying the class rate percentages specific to each type of property classification against the Taxable Market Value. Class rate percentages vary depending on the type of property as shown on the 101 page of the Appendix. The formulas and class rates for converting Taxable Market Value to Net Tax Capacity represent a basic element of the State's property tax relief system and are subject to annual revisions by the State Legislature.

Property taxes are determined by multiplying the Net Tax Capacity by the tax capacity rate, plus multiplying the referendum market value by the market value rate.

Property Tax Payments and Delinquencies (Chapters 275, 276, 277, 279-282 and 549, Minnesota Statutes)

Ad valorem property taxes levied by local governments in Minnesota are extended and collected by the various counties within the State. Each taxing jurisdiction is required to certify the annual tax levy to the county auditor within five (5) working days after December 20 of the year proceeding the collection year. A listing of property taxes due is prepared by the county auditor and turned over to the county treasurer on or before the first business day in March.

The county treasurer is responsible for collecting all property taxes within the county. Real estate

and personal property tax statements are mailed out by March 31. One-half (1/2) of the taxes on real property is due on or before May 15. The remainder is due on or before October 15. Real property taxes not paid by their due date are assessed a penalty which, depending on the type of property, increases from 2% to 4% on the day after the due date. In the case of the first installment of real property taxes due May 15, the penalty increases to 4% or 8% on June 1. Thereafter, an additional 1% penalty shall accrue each month through October 1 of the collection year for unpaid real property taxes. In the case of the second installment of real property taxes due October 15, the penalty increases to 6% or 8% on November 1 and increases again to 8% or 12% on December 1. Personal property taxes remaining unpaid on May 16 are deemed to be delinquent and a penalty of 8% attaches to the unpaid tax. However, personal property owned by a tax-exempt entity, but which is treated as taxable by virtue of a lease agreement, is subject to the same delinquent property tax penalties as real property.

On the first business day of January of the year following collection all delinquencies are subject to an additional 2% penalty, and those delinquencies outstanding as of February 15 are filed for a tax lien judgment with the district court. By March 20 the county auditor files a publication of legal action and a mailing notice of action to delinquent parties. Those property interests not responding to this notice have judgment entered for the amount of the delinquency and associated penalties. The amount of the judgment is subject to a variable interest determined annually by the Department of Revenue, and equal to the adjusted prime rate charged by banks, but in no event is the rate less than 10% or more than 14%.

Property owners subject to a tax lien judgment generally have five years (5) in the case of all property located outside of cities or in the case of residential homestead, agricultural homestead and seasonal residential recreational property located within cities or three (3) years with respect to other types of property to redeem the property. After expiration of the redemption period, unredeemed properties are declared tax forfeit with title held in trust by the State of Minnesota for the respective taxing districts. The county auditor, or equivalent thereof, then sells those properties not claimed for a public purpose at auction. The net proceeds of the sale are first dedicated to the satisfaction of outstanding special assessments on the parcel, with any remaining balance in most cases being divided on the following basis: county - 40%; Township or city - 20%; and school district - 40%.

Property Tax Credits (Chapter 273, Minnesota Statutes)

In addition to adjusting the taxable value for various property types, primary elements of Minnesota's property tax relief system are: property tax levy reduction aids; the renter's credit, which relates property taxes to income and provides relief on a sliding income scale; and targeted tax relief, which is aimed primarily at easing the effect of significant tax increases. The circuit breaker credit and targeted credits are reimbursed to the taxpayer upon application by the taxpayer. Property tax levy reduction aid includes educational aids, local governmental aid, equalization aid, county program aid and disparity reduction aid.

Debt Limitations

All Minnesota municipalities (county, cities, townships and school districts) are subject to statutory "net debt" limitations under the provisions of Minnesota Statutes, Section 475.53. Net debt is defined as the amount remaining after deducting from gross debt the amount of current revenues which are applicable within the current fiscal year to the payment of any debt and the aggregation of the principal of the following:

1. Obligations issued for improvements which are payable wholly or partially from the proceeds of special assessments levied upon benefited property.

2. Warrants or orders having no definite or fixed maturity.
3. Obligations payable wholly from the income from revenue producing conveniences.
4. Obligations issued to create or maintain a permanent improvement revolving fund.
5. Obligations issued for the acquisition and betterment of public waterworks systems and public lighting, heating or power systems, and any combination thereof, or for any other public convenience from which revenue is or may be derived.
6. Certain debt service loans and capital loans made to school districts.
7. Certain obligations to repay loans.
8. Obligations specifically excluded under the provision of law authorizing their issuance.
9. Certain obligations to pay pension fund liabilities.
10. Debt service funds for the payment of principal and interest on obligations other than those described above.

**Levies for General Obligation Debt
(Sections 475.61 and 475.74, Minnesota Statutes)**

Any municipality which issues general obligation debt must, at the time of issuance, certify levies to the county auditor of the county(ies) within which the municipality is situated. Such levies shall be in an amount that if collected in full will, together with estimates of other revenues pledged for payment of the obligations, produce at least five percent in excess of the amount needed to pay principal and interest when due. Notwithstanding any other limitations upon the ability of a taxing unit to levy taxes, its ability to levy taxes for a deficiency in prior levies for payment of general obligation indebtedness is without limitation as to rate or amount.

**Metropolitan Revenue Distribution
(Chapter 473F, Minnesota Statutes)
"Fiscal Disparities Law"**

The Charles R. Weaver Metropolitan Revenue Distribution Act, more commonly known as "Fiscal Disparities" was first implemented for taxes payable in 1975. Forty percent of the increase in commercial-industrial (including public utility and railroad) net tax capacity valuation since 1971 in each assessment district in the Minneapolis/St. Paul seven-county metropolitan area (Anoka, Carver, Dakota, excluding the City of Northfield, Hennepin, Ramsey, Scott, excluding the City of New Prague, and Washington Counties) is contributed to an area-wide tax base. A distribution index, based on the factors of population and real property market value per capita, is employed in determining what proportion of the net tax capacity value in the area-wide tax base shall be distributed back to each assessment district.

FUND: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE: The difference between fund's assets and fund liabilities (the equity) in governmental funds.

FUND BALANCE – ASSIGNED: Segregation of a portion of fund balance to indicate the government's intent to use the resources for specific purposes where the specific purposes are identified by either the government's highest level of decision-making authority or a body or official that has been delegated the authority to do so by the governing body.

FUND BALANCE – COMMITTED: Segregation of a portion of fund balance that represents resources whose use is subject to a legally binding constraint that is imposed by the government itself at its highest level of decision-making authority and that remains legally binding unless removed in the same manner.

FUND BALANCE – NONSPENDABLE: Segregation of a portion of fund balance to indicate that the amount cannot be spent because the resources are not in spendable form, such as inventories or prepaid items.

FUND BALANCE – RESTRICTED: Segregation of a portion of fund balance that represents resources whose use is subject to externally enforceable constraints.

FUND BALANCE – UNASSIGNED: The difference between the total fund balance in a governmental fund and its nonspendable, restricted, committed, and assigned components. Only the general fund may report positive amounts of unassigned fund balance.

GENERAL FUND: Accounts for the general operation of the Township and all financial resources except those to be accounted for in another fund.

GENERAL GOVERNMENT: Expenditures, which represents a set of accounts, to which are charged the expenditures for operating the Township.

GENERAL OBLIGATION BONDS: When a government pledges its full faith and credit to the repayment of the bonds it issues, than those bonds are general obligation (GO) bonds.

GOAL: A statement of broad direction, purpose or intent based on the need of a community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given period.

GOVERNMENTAL ACCOUNTING: The composite of analyzing, recording, summarizing, reporting, and interpreting the financial transactions of governmental units and agencies.

GOVERNMENTAL FUND TYPES: Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in proprietary funds and fiduciary funds. In essence, these funds are accounting segregation of financial resources. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

GRANT: A contribution of assets by one governmental unit or other organization to another. Grants are usually made for specified purposes.

HOMESTEAD AND AGRICULTURAL CREDIT (HACA): A form of state paid property tax relief for farm property and owner occupied homes.

IMPROVEMENT BONDS: Bonds payable from the proceeds of special assessments from properties benefiting from an improvement.

IMPROVEMENTS: Buildings, other structures, and other attachments or annexations to land which are intended to remain so attached or annexed, such as sidewalks, trees, drains, and sewers.

INFLOW/INFILTRATION (I/I): The term used to describe clean water entering into the sanitary sewer system.

INTERFUND TRANSFERS: Amounts transferred from one fund to another.

INFRASTRUCTURE: Assets which are immovable and of value only to the governmental unit (i.e. roads, gutters, sewer lines).

INTERGOVERNMENTAL REVENUES: Revenues from other governments in the form of grants, entitlement, or shared revenues.

INVESTMENTS: Securities held for the production of income in the form of interest.

LEVY: (Verb) To impose taxes, special assessments, or service charges for the support of governmental activities. (Noun) The total amount of taxes special assessments, or service charges imposed by a governmental unit.

LICENSES: Revenues received from the sale of business and non-business licenses.

LIMITED MARKET VALUE: The amount the market value of a property can increase from one year to the next for calculating property taxes. The limited market value system was phased-out by the State of Minnesota.

LINE ITEM: A specific item or group of similar items defined by detail in a unique account in the financial records.

LOCAL GOVERNMENT AID (LGA): Intergovernmental revenue from the state to municipalities to help fund general expenditures.

LONG-TERM DEBT: Debt with a maturity of more than one year after the date of issuance.

MAINTENANCE: The upkeep of physical properties in condition for use or occupancy.

MARKET VALUE EXCLUSION (MVE): A portion of a property's market value that is not included in the property tax calculation based on a formula set by the State of Minnesota. This exclusion reduces the taxable market value.

MARKET VALUE HOMESTEAD CREDIT (MVHC): State paid property tax reduction on owner occupied homes based on the properties market value.

MISCELLANEOUS: Revenues or expenditures not classified in any other revenue or expenditure category.

MODIFIED ACCRUAL BASIS: The basis of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the tax levied and revenue earned.

NET POSITION – GENERAL GOVERNMENT: The difference between general government asset and liability accounts reported in the government-wide financial statements.

OBJECT OF EXPENDITURE: Expenditure classifications based upon the types or categories of goods and services purchased.

OBJECTIVE: Desired output oriented accomplishments, which can be measured and achieved within a given time frame.

OPERATING BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for the calendar year and the proposed means of financing them.

OPERATING EXPENSE: The cost for personnel, material and equipment required for a department to function.

OPERATING REVENUE: Funds that the government receives as income to pay for ongoing operations. Operating revenues are used to pay for day-to-day services.

OPERATING TRANSFERS: Amounts transferred from one fund to another, shown as expenditure in the originating fund and revenue in the receiving fund.

ORDINANCE: A formal legislative enactment by the Town Board.

PAY-AS-YOU-GO BASIS: A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

PERFORMANCE MEASURE: See Service Levels.

PERSONAL SERVICES: Expenditures for salaries, wages, and fringe benefits of employees.

PROGRAM: A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the governmental unit is responsible.

PROJECT: A plan of work, job assignment, or task.

PURPOSE: A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

REFUNDING BONDS: Bonds issued to retire bonds already outstanding.

REIMBURSEMENT: Cash or other assets received as a repayment of the cost of work or services performed or of other expenditures made for or on behalf of another governmental unit or department or for an individual, firm, or corporation.

RESERVE: An account which records a portion of the fund balance which must be segregated for some future use and which is, therefore, not available for further appropriation or expenditure.

RESOLUTION: A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

RESOURCES: The actual assets of a governmental unit, such as cash, plus contingent assets such as estimated revenues applying to the current fiscal year not accrued or collected, and bonds authorized and not issued.

REVENUE: The term designates an increase to a fund's assets which: 1) does not increase a liability; 2) does not represent a repayment of an expenditure already made; 3) does not represent a cancellation of certain liabilities; and 4) does not represent an increase in contributed capital.

REVENUE BOND: A bond that is backed by a particular revenue source such as water user fees.

SERVICE LEVELS: Data to determine how effective or efficient a program is in achieving its objective.

SPECIAL ASSESSMENT: A compulsory levy made by a local government against certain properties to defray part or all of the cost of a specific improvement or service which is presumed to be of general benefit to the public and of special benefit to such properties.

SPECIAL REVENUE FUND: To account for revenue derived from specific revenue sources that are legally restricted for specific purposes.

SY: Abbreviation for square yard, which is how sealcoating and street overlay projects are measured.

TAXABLE MARKET VALUE: That portion of a property's market value that is used to calculate property taxes.

TAX CAPACITY: An amount determined by a percentage of a property's market value, which is then applied to the tax rates of taxing jurisdictions affecting the property to determine the amount of property taxes owed. The current tax rates and property classifications can be found on page 135.

TAX CAPACITY RATE: Tax rate applied to tax capacity to generate property tax revenue. The rate is obtained by dividing the property tax levy by the available tax capacity.

TAX CLASSIFICATION RATE: Rate at which estimated market values are converted into the property tax base. The classification rates are assigned to properties depending on their type (residential, commercial, farm, etc.) and, in some cases there are two tiers of classification rates, with the rate increasing as the estimated market values increases.

TAX INCREMENT FINANCING (TIF): Financing tool originally intended to combat severe blight in areas, which would not be redeveloped "but for" the availability of government subsidies derived from locally generated property tax revenues.

TAX LEVY: The total amount to be raised by general property taxes for the purpose stated in the resolution certified to the county auditor.

TAX RATE: The amount applied to tax capacity to determine the taxes generated by the property.

TAXES: Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

TRUST AND AGENCY FUNDS: Funds used to account for assets held by a government in a trust capacity or as an agent for individuals, private organizations, other governments and/or other funds.

TRUST FUND: A fund consisting of resources received and held by the governmental unit as trustee, to be expended or invested in accordance with the conditions of the trust.

UNBALANCED BUDGET: A budget which undesignated fund balance or reserves are used in order to balance estimated revenues to estimated expenditures or expenses.

UNRESERVED FUND BALANCE: The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

USER FEES: The payment of a charge for direct receipt of a public service by the party benefiting from the service.
